unmistakably

MOBILVETTA

The beginning of a journey is a magical moment, there is always that first step, the first bend in a road: it is the threshold beyond which everyday life begins to slip away. There are those who have written their story on the back of that magical moment.

Mobilvetta has imagined every possible trip on board its vans for over 50 years. Really comfortable spaces mould around the traveller for an unforgettable experience on their way to their favourite destination.

A continuous journey through time, from the historical elegance of Mobilvetta's past to the most modern, top-level technological solutions.

The road travelled through tradition is a journey that goes hand in hand with a company that always strives to be innovative, from efficient industrial processes to the modern scenario of those who always live in the moment.

Choosing Mobilvetta today means being able to rely on a Premium brand for:

Distinctive Made in Italy design and style;

Technical innovation and performance;

Energy and Autonomy;

Premium class comfort.

Passion for quality.

START YOURS NOW. IT IS TIME TO BRING OUR WORLD INTO YOUR WORLD.

IT'S THAT MAGICAL MOMENT THAT BEGINS RIGHT NOW, JUST BEFORE YOUR JOURNEY BEGINS.

**MOBILVETTA:
DISTINCTION BY DESIGN**

DESIGN

made in Italy

The design lines, to be followed like roads on an adventure of comfort, transform getting on board into a magic moment, exactly like happens at the beginning of every journey. Follow those lines by exploring the distinctive details, being welcomed into a space that has been finished with an extraordinary attention to detail, created to be the definition of comfort for travellers. Each trip will be a journey through the senses: lights, sounds, surfaces, taking you to the peak of absolute comfort. Arriving at this secret place of design requires many years of path-finding, and Mobilvetta has paved the way to exclusivity in motorhomes by defining lines with unique, unmistakable personalities.

TECHNOLOGY

innovation

Comfort and excellence go together with the best construction techniques for a practical lifestyle, always looking towards new horizons:

Technological innovation;

Research into new technical solutions;

High performance for comfort, roominess and autonomy;

Efficient industrial processes.

The prototype of each vehicle is born from the expertise of a Mobilvetta Study Centre. It is a bit like home, the starting point of every journey.

COMFORT

refinement and quality

I have finally reached my destination on my journey towards beauty. Surfaces and textures for a journey through the senses: refinement and quality of materials

Beauty is in the discovery of new places, but also in the rediscovery of a place that surrounds and envelops us. The wood, the fabrics, the surfaces and the craftsmanship: these are the roads that lead to Made in Italy. On board a Mobilvetta you feel at home, you feel in Italy, the country where the role of beauty is to impress. It is nice to get lost in every detail and recognise all the care and passion behind the choice of the highest quality raw materials.

A view from the driver's perspective inside a car, looking out through the windshield at a vibrant, colorful coastal town built on a cliffside. The buildings are painted in various bright colors like yellow, orange, red, and blue. The sea is visible in the background. The car's steering wheel and dashboard are visible in the foreground.

MOBILVETTA ADMIRAL

Everything stems from an ambitious objective: the desire to spread the value of Italian style through design, aesthetic excellence, performance and a great passion for quality. Mobilvetta pursues its talent.

The idea became clearer: a new proposition in the top class van segment: Admiral.

Discover
Admiral

COMFORT AND LUXURY

The beauty of a holiday in the company of those you love is hidden in the details.

We care for them tirelessly, because all together they make an experience unforgettable. Any detail is a part of a whole story. Your story on board Admiral.

Exclusive and cosy environments.
Evocative atmospheres on board.
Extraordinary sleeping experience.
Unprecedented living space.

ITALIAN DESIGN

Design has always been a hallmark of Mobilvetta: unique, elegant models with distinctive, personalised lines.

Admiral: readily recognisable.

Distinctive Made in Italy design.
Quest for beauty. Care for detail.
Extremely personal and recognisable.

Wide choice of robust and noble materials.

EMOTION. PASSION. PERFORMANCE.

There is a reason behind every choice we make. Materials, technologies and solutions are worth it for what they bring and for the unique moments that will delight you.

Let's choose the best, not the most.
Only what you need, all what you need.

High-level technical and construction solutions. Grade 3 thermal insulation. Winter holiday included. Soundproofing. Noise Reduction Experience. Full top-class equipment.

Admiral has many stories to tell, both to those who are attracted to it at first sight and to those with a wealth of experience. Stories that tell of qualities that are indispensable in a van: you don't just need a bed to rest, the kitchen has to be spacious and functional, the bathroom has to be comfortable to shower in, the storage rooms have to be able to hold the necessary items, the body has to be robust and provide the best insulation in all seasons, the systems have to be efficient.

Admiral has all the features to go wherever you want, with unique character and style. Discover its uniqueness through its qualities.

The choice you promised yourself you would have and that you deserve.

- YOU CAN TRUST AND RELY ON. DESIGNED AND PRODUCED BY THOSE WHO KNOW HOW TO BUILD VAN
- MOBILVETTA EXCLUSIVITY.
- GRADE 3 THERMAL INSULATION.
- SOUNDPROOFING. NOISE REDUCTION SYSTEM.
- GUARANTEED 10 YEARS.
- ERGONOMICS. ROBUST AND NOBLE MATERIALS.
- UNPRECEDENTED LIVING SPACE.
- TRANSFORMABILITY OF THE ENVIRONMENTS.
- SPACE AND STORAGE.
- EXTRAORDINARY SLEEPING EXPERIENCE.

EACH ONE IS *unmistakably*
ADMIRAL

Some of the features shown do not correspond to the final features of the vehicle for the current season.

**QUALITY AND RELIABILITY
PRIVILEGE.
GUARANTEED FOR 10 YEARS.**

**10-YEAR GUARANTEE
AGAINST INFILTRATION.**

10 Years Body Integrity Privilege is a service designed with a single objective: to ensure your motorhome over time by offering reliability and safety..

Mobilvetta 10 Years Body Integrity Privilege is the program that guarantees you a 10-year guarantee against infiltration

Carry out regular maintenance at the authorised Mobilvetta network and the tests provided for the control of infiltr infiltration to be carried out during the service coupons as per the specific deadline specified in the warranty booklet.*

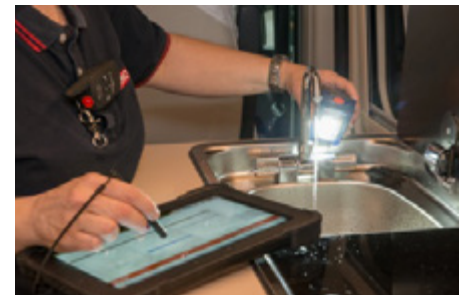

*For the detailed conditions ask the authorised sales network.

Choosing Mobilvetta means relying on a brand with long experience in the constant search for new technical solutions that can ensure high performance, value and durability.

Only a few of us can guarantee such a long period of peace of mind.

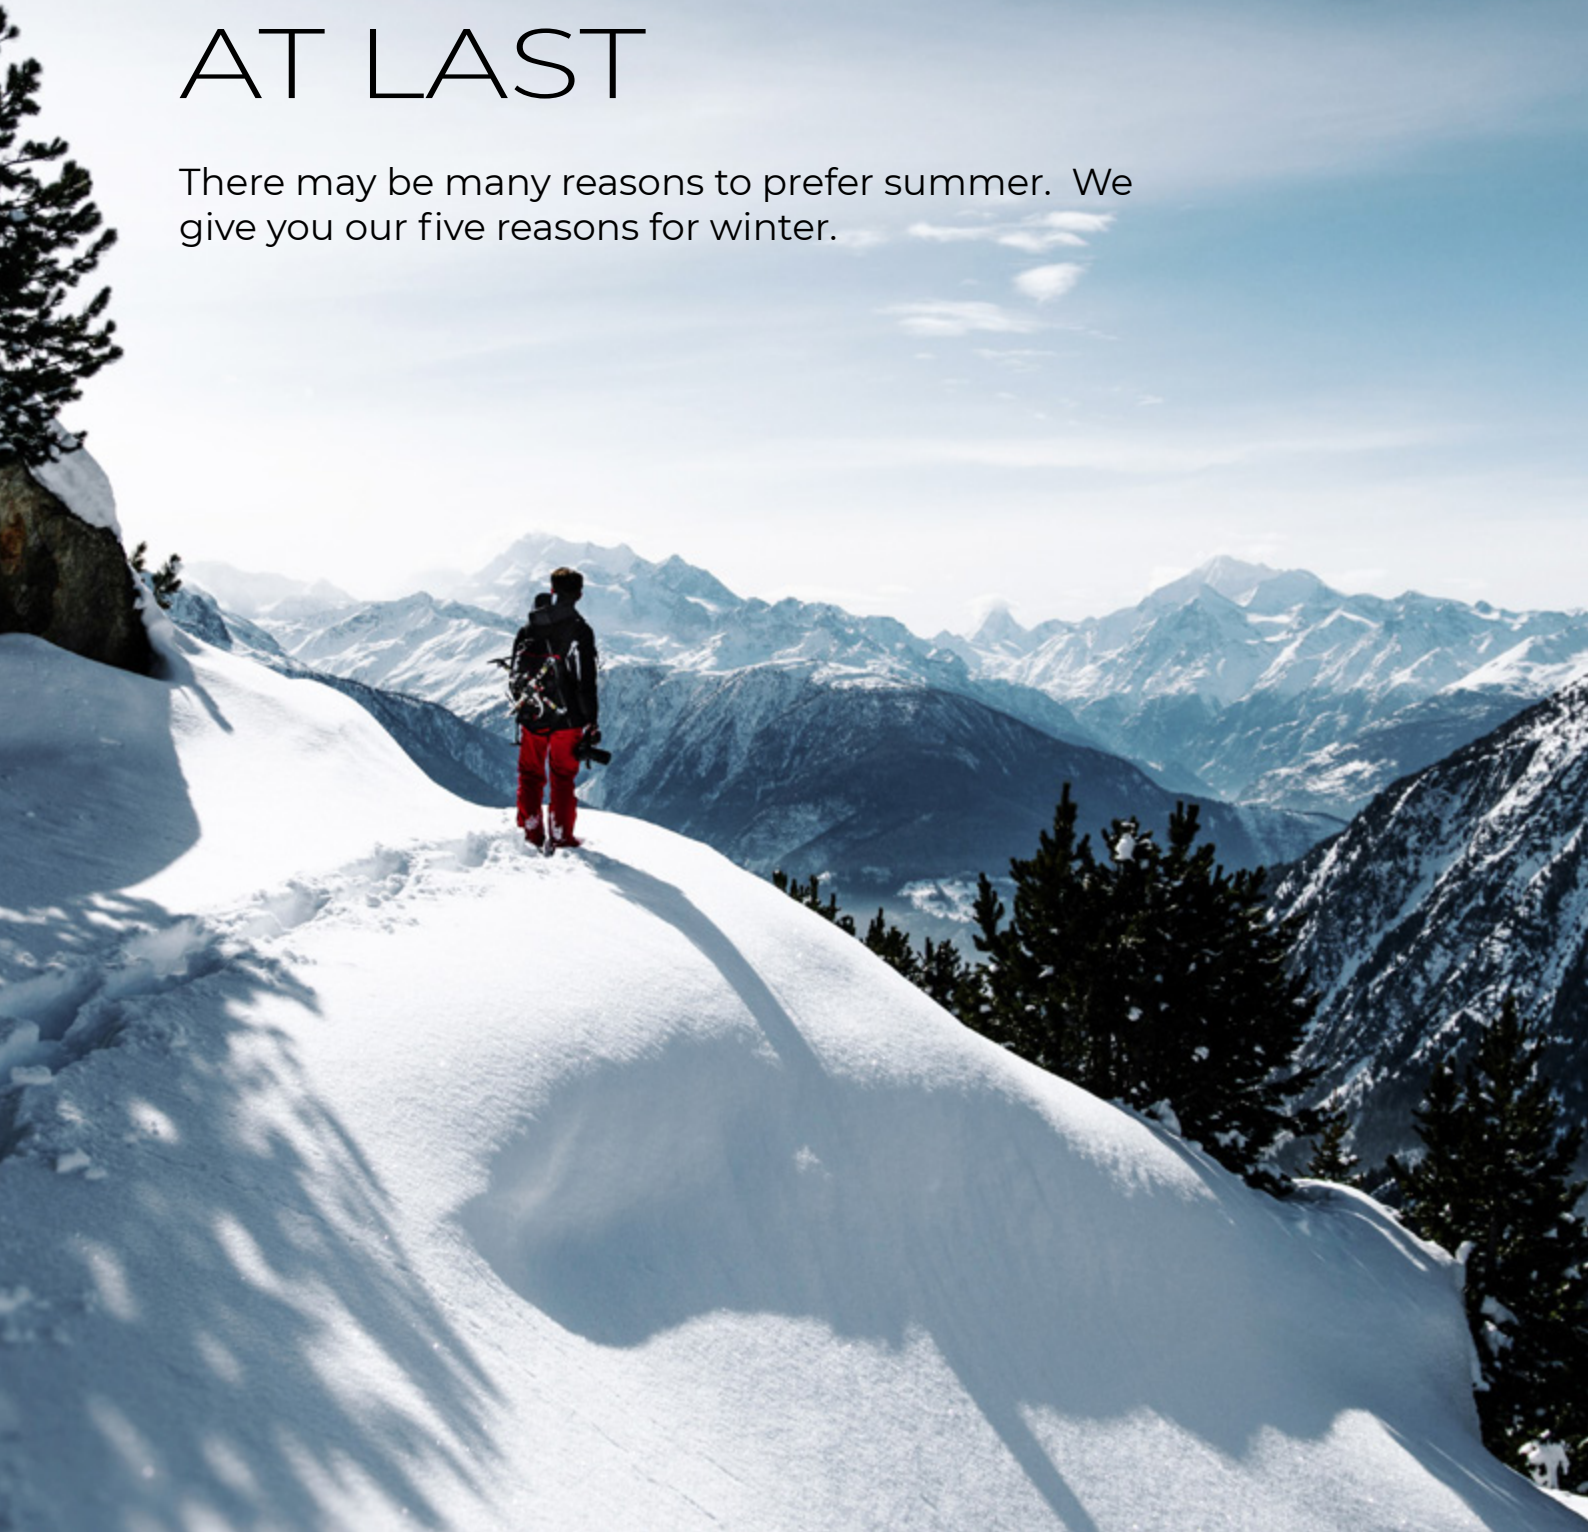

How can we do this?

- We use high-performance materials.
- Our production processes are innovative and efficient.
- We carry out quality tests during production.
- We carry out performance and statistical tests at the end of line.
- 100% of our vans are tested against infiltration.

SUMMER IS OVER AT LAST

There may be many reasons to prefer summer. We give you our five reasons for winter.

WINTER PACK

Insulated tanks for grey water.
With anti-icing probe.

1

Van panels interior lining with highly-insulating materials: polyester fibre covered with aluminium film.

Anti-condensation insulation.

2

Polyester fibre: non-toxic, hypoallergenic and mould-resistant. Resistant and long-lasting.
Good soundproofing capabilities.

Aluminium film: a light, versatile and ductile material. Resistant to heat and sudden temperature changes. It increases the thermal insulation capacity and is a moisture barrier.

3

No thermal bridges.

Total coverage:

On panels
Roof
Floor

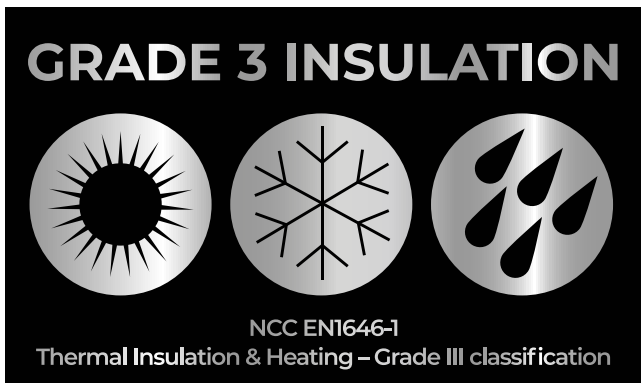

insulation

4

INSULATION AND PROTECTION FOR ALL SEASONS

Composite panel lining with soft fabric.
Microfiber roof lining.
External wall lining in soft-touch fabric.

5

GRADE 3 INSULATION

Specific test carried out in climate chamber.
Grade 3 insulation achieved.
Van with panoramic roof.

ANTI-CONDENSATION INSULATION

The correct distribution of internal air favours its circulation, ensures an even temperature and prevents the accumulation of condensation.

No condensation!
No moisture!

Yes to ventilated rooms!
Yes to uniform temperatures!

A further layer of water-repellent material covers the inside of the walls in contact with the aluminium film.

SILENCE

NOISE
REDUCTION
Experience

IS JUST THE

lack of noise

ONBOARD LIFE IS QUIETER AND REFINED.

Focus on what you feel inside.

Just the sound of your emotions.

On the road, when stopping for a rest, with those you love.

1

ROOF COVERED IN MICROFIBER WITH FOAM INSERTS.

Sound-deadening roof.
Anticracking.
Covering the roll noise of the road.
Covering noises from outside.
The roof of the van consists of a multilayer, a microfiber exterior finish, an inner lining with foam backing.

2

PADDED PANELS AT THE REAR WINDOWS.

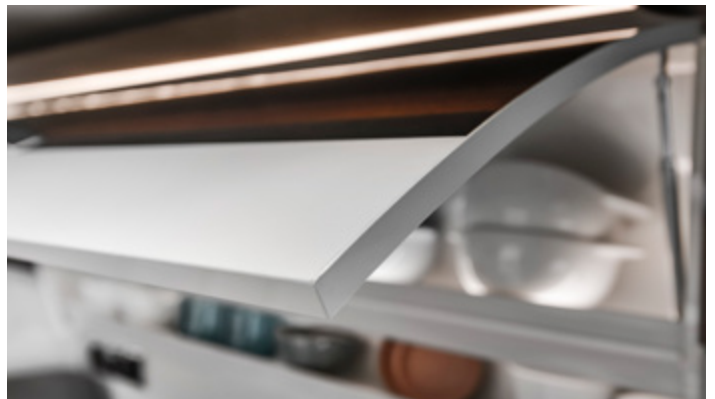

Special padded panels give a special finish to the windows and protect against outside noise and interference.

3

INCREASED THICKNESS OF INTERNAL FURNITURE. HIGH THICKNESSES.

From 14 mm to 20 mm

Stable, solid and durable, it resists shocks well.

4

FLOOR COVERED IN THICKER PVC.

Noise-proof.
Anticracking.
Covering the roll noise of the road.
Covering the footfall noise.
Floor with double thickness!
The flooring consists of a polystyrene sheet, a multilayer, a PVC coating.

EVEN THE BEST DREAMERS NEED **NEW INSPIRATION**

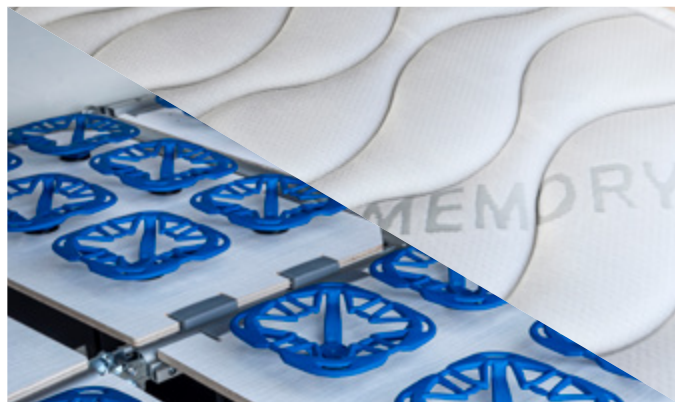

In a Mobilvetta van, the sense of well-being, the pleasure for eyes and ears is amplified by the comfort and practicality of interiors.

The design solutions make full use of the available space, in a perfect blend of functionality and style through an exquisite combination of ultra-modern design and clever use of wood, laminates and the finest materials.

Add the exquisite living comfort of all areas on board, inside and out, and you have the ideal mix of performance and style for an unrivalled in-van experience.

**EACH SETTING IS DESIGNED FOR THOSE WHO WILL
LIVE IN IT.**

1

PREMIUM CLASS COMFORT: ERGONOMICS, AESTHETIC AND FUNCTIONALITY.

Environments characterised by a continuous search for fluidity between inside and outside.

2

EXTRAORDINARY SLEEPING EXPERIENCE.

Offering the best sleeping experience, always to satisfy the senses, day after day. In the sleeping area our talent is expressed through excellent design, insulation systems, proper air circulation, soft upholstery, memory foam mattresses and 3D slats.

3

INNOVATION, TECHNIQUE AND MATERIALS. QUALITY AND TECHNOLOGY IN MATERIALS. HPL LAMINATES.

The base of the wall units and the outer side of the kitchen are made of HPL high-pressure laminate, an innovative, easy-to-clean and service innovative material that resists the passage of water, heat and scratches. With an antibacterial coating, it ensures hygiene and cleanliness.

4

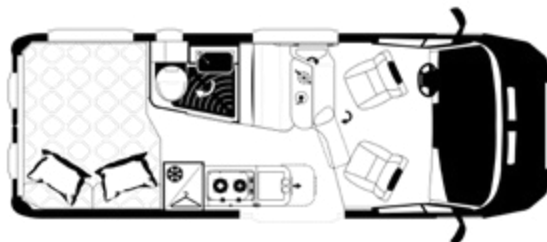

REINFORCED WALL UNIT STRUCTURE.

The bottom structure of the wall units has a reinforced base that ensures stability and solidity over time.

Admiral K5.1

**THERE ARE ALL THE DETAILS,
FOR CLASSY LIVING.**

Everything is about feeling good in the van. Rounded interiors and rounded table edges with a precious chrome leg. Table with folding top and extension for maximum comfort when travelling or standing. Removable, engages on the outside, too. Automotive-style contoured seats with adjustable head rests. USB sockets for device charging within easy reach.

THE DINETTE

INTERIOS

TO EXPLORE NEW HORIZONS IN AN ENVIRONMENT THAT MAKES YOU FEEL AT HOME.

Admiral is synonymous with sophisticated elegance, beauty and distinctive details.

Like the exclusive ceiling panel upholstered in eco-leather. Cleverly integrated into the ceiling environment, it incorporates the panoramic roof and portlight into a harmonious continuity. Enhanced with LED lights for the right atmosphere, front storage pockets, blind and flyscreen.

Gloss laminate doors in continuity with the wall units merge the cab and the open space and give uniformity to a room surrounded by high-quality insulating soft-touch walls.

the dinette

INTERIORS

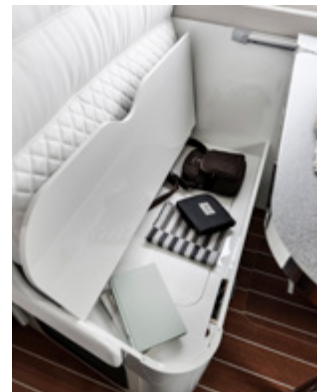

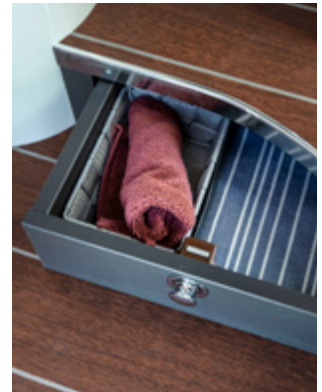

SUPERIOR EXPERIENCE OF LIVING SPACE

A holiday in a van has the taste of freedom and the warmth of staying together. To better share the space with your loved ones.

Admiral is a design that has turned the combination of aesthetics and utility into an art, in every environment. Inside, each object has an ideal destination. The double flooring provides space for a hatch and a pull-out drawer. The sofa has a storage compartment on the side and a double bottom inside, under the seat cushions.

THE KITCHEN

INTERIORS

TALENT IS KNOW-HOW

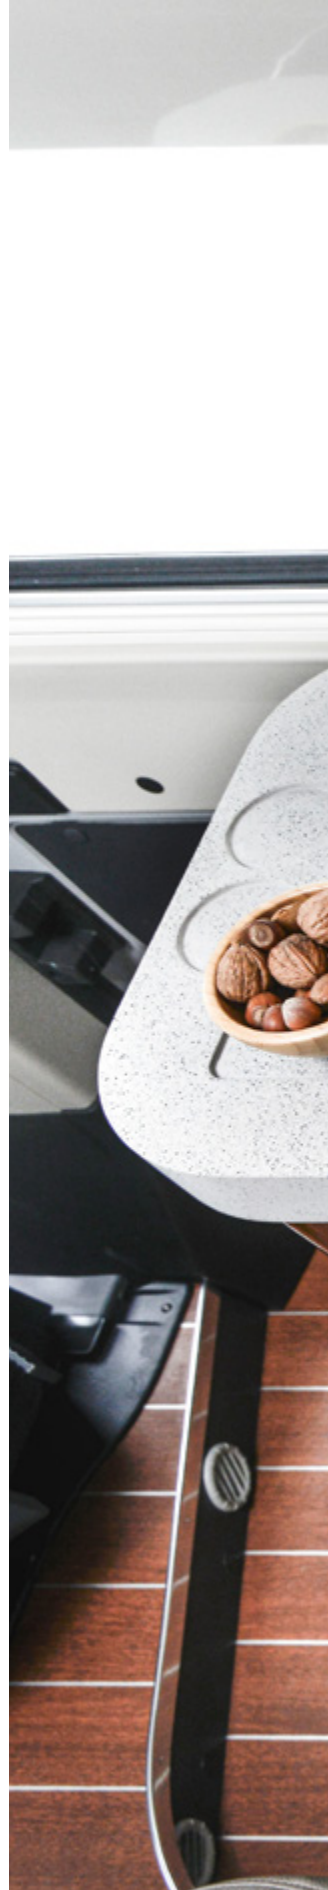

A skill that combines culture and knowledge. An exclusive design idea. An art that in the Admiral kitchen is expressed through excellently designed systems that meet people's needs.

PEOPLE AT THE CENTRE

The worktop, made of high-quality acrylic stone, is shaped in a continuous surface and includes the steel burner block and the integrated retractable sink also made of acrylic stone. If necessary, the worktop can be moved to reveal the sink underneath, providing a large surface area. The kitchen is completed by a spacious, removable side fitted basket with stainless steel shelves and bottle holder, accessible from inside or outside the van.

The Admiral kitchen reveals high-quality details: a distinctive design with soft lines in a perfect balance between function and form, precious materials destined to last, transformable modules to multiply space and functionality.

Discover the
transformability

GENEROUS SPACE AND EQUIPMENT

The secret of any kitchen is organisation, the perfect interplay between elements that enhances their usefulness and improves the overall experience.

Water and electricity saving.

The **expansion tank** eliminates the intermittent functioning of pumps with pressure switch and supplies a constant flow of water as requested. It therefore reduces the overall water consumption.

Long life for the pump and the boiler, along with a more efficient functioning. The internal membrane absorbs hammering and ensures a smooth flow of water.

Because all is easier when everything is at hand, thanks to a variety of specific equipment. Because all is easier when everything is at hand, thanks to a variety of specific equipment. A kitchen with beautiful and effective shapes: rigour, simplicity and design all in one. Mobilvetta interprets Admiral interiors as a total experience and offers the right mix of space and functionality.

The wall unit is spacious and equipped with an internal shelf. The bottom surface is HPL laminate, which is strong, durable and antibacterial. When the unit door is opened, the interior lighting is automatically activated.

Practical LEDs on the lower exterior of the wall unit illuminate the worktop.

There are three large front baskets completely pull out and with automatic closure, deep and stable thanks to their 14-mm thickness. The baskets are equipped with automatic closure and locking while travelling, metal sides, cutlery internal drawer.

A stainless steel spice rack and a 84-litre compressor refrigerator complete the equipment.

SLEEPING AREA

INTERIORS

EXTRAORDINARY SLEEPING EXPERIENCE

The sleeping area is the most intimate and personal place, perfect for relaxing as well as resting. That is why this room is to be furnished paying special attention to detail and creating an atmosphere that reflects the user in every nuance.

Large wall units with reinforced bottom structure on three rear sides. Maxi stowage that also makes use of the junction corners.

**BEDS DESIGNED
FOR "SWEET SLEEP"**

Designed for regenerating rest: memory foam mattresses with 3d System bed bases, antibacterial fabric, insulating soft touch wall and roof lining. Padded window trim with ambient LEDs.

Feeling of exclusivity and well-being dedicated to your intimacy: proper air circulation through a double window (K 6.5 model) and roof portlight, extra heater and insulation, bed insulated from stowage by a marine plywood panel.

sleeping area

INTERIORS

Solutions for everyday living that suggest a new concept of comfort and relaxation. Radio speakers located under the rear wall units, storage compartments, and recesses in the rear uprights for smartphones, glasses.

TOILET

INTERIORS

DON'T JUST CALL IT A BATHROOM

An environment for relaxation and self-care where the harmony of shapes and materials provide elegance to spaces that can be personalised. Versatile, spacious, high-quality: the Admiral toilet is a main player.

AROUND SMALL, BIG, EVERYDAY NEEDS.

The washbasin is large, cast in anti-bacterial acrylic stone, with click clack drain. The shower mixer sits on a slide rail and is separated for easy operation as required. Lots of space!

3 compartments with doors, 4 storage compartments, soap holder. Total wellness. Mobilvetta has chosen to coat the furniture of the Admiral toilets in HPL laminate, with an extra thickness, to provide greater resistance, hygiene.

A window with flyscreen completes the equipment for a light and airy, feel-good atmosphere.

toilet

INTERIORS

A GAME OF PERFECT VOLUMES AND FUNCTIONALITY.

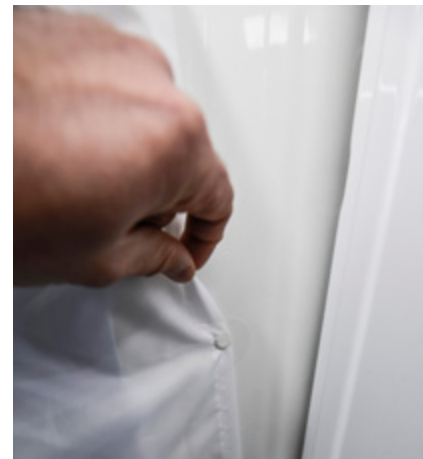

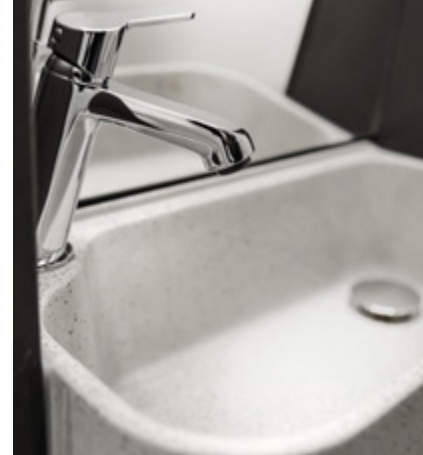

One touch is all it takes to interact and modulate the environment to suit your needs.

Toilet only: ergonomics for your daily well-being with plenty of free space and legroom.

Shower only, XL space up to 90 cm transverse, with lowered shower tray and wooden footboard.

The Admiral's toilet area is one of the largest in its class.

Discover the transformability

ADMIRAL K 5.1

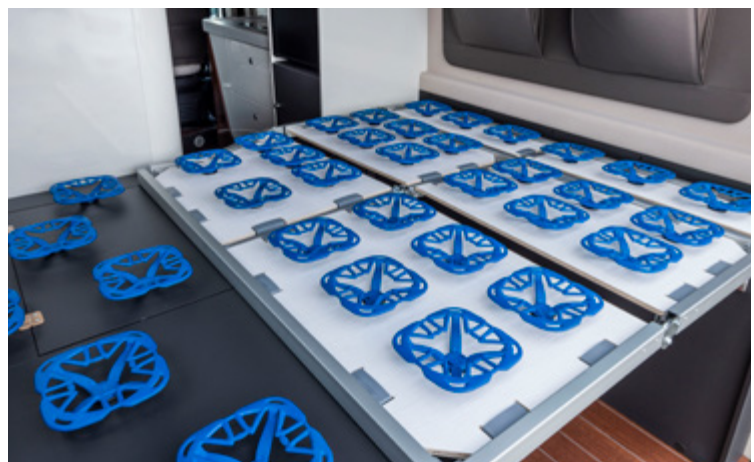

THE DISCOVERED ORDER

Rational solutions that become precious spaces in which to store the necessities and more for total daily comfort, all... at your fingertips. Three different solutions for organising the rear area of your van. The interior space is optimized to the maximum to store all the necessary equipment.

Choose the one that best suits your needs for practicality, space or securing your luggage.

Rear transverse double bed with lift-up bed base for storing larger luggage such as bicycles or scooters. Floor on a single level.

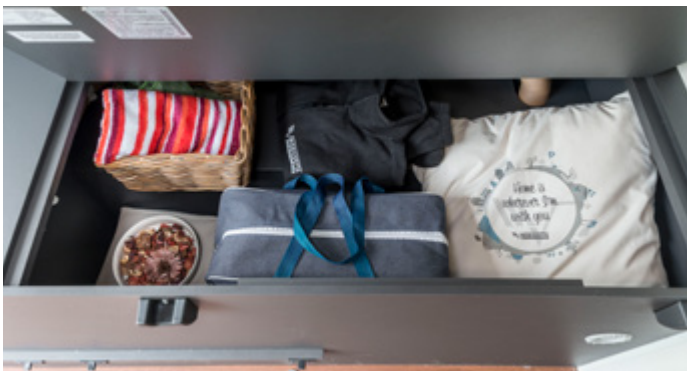

MOBILVETTA

ADMIRAL K 6.3

Twin beds that can be raised provide extra-large stowage space. The double flooring is removable for modular storage volume. An additional storage kit is available: three removable cabinets that can be assembled and disassembled as required

MOBILVETTA

In Admiral K 6.5, electric socket and external shower outlet in rear garage supplied as standard.

ADMIRAL K 6.5

Elevating bed with electric movement on belts. With the bed lowered you have a 75-cm high garage, while with the bed fully elevated you get a 130-cm high compartment. It is still possible to adjust the bed to any desired height, to sleep while retaining space for the equipment underneath, to transport any kind of luggage or equipment without removing the bed each time. The sheet metal cover with a non-slip surface protects the floor and the supplied ramp facilitates loading.

Raising retractable ROOF

INSULATED AND PROTECTED.

The mattress rests on a fiberglass tank, separated from the original sheet metal of the van.

INSULATED.

Possibility to choose as optional an insulation kit consisting of an insulating and thermal cover.

MORE ROOM TO SLEEP, MORE ROOM TO STOW

2 extra beds.

With reading lights on both sides.

Possibility to use the back of the van only as stowage.

AUTONOMY

External roof surface available for the installation of solar panels.
